# HELIX**NET**

Building the future from a van in Sicily.

```
git commit -m "still alive"
```

The best code is written with salt air
and a view of Monte Cofano.

# SICILIA

## Greetings from the edge of Europe

Living the dream in Trapani.

Mediterranean sunsets. Morning espresso.

Monte Cofano watching over.

Wish you were here. Maybe next time.

With love from Sicily                    January 2026
